Hi Julie,

Hope you had a nice holiday!

By way of this email I am connecting you up with a friend of mine who is helping to lead the Gateway to Glacier Trail effort for the bike path from C Falls to Glacier. They have been in conversations with GlennCorp and keenly following the CFAC negotiations as they carry out.

I get the sense that all parties would benefit from increased communication amongst the Gateway to Glacier group, DEQ and EPA. If there are folks you could put Jami directly in contact with from DEQ and EPA, that would be greatly appreciated.

We (both the Gateway to Glacier group and me!) are also very interested in the Visioning Process and wanted to be connected up with whoever the lead on that will be, so we can be sure to know when it is scheduled!

Unfortunately, I will be missing the Public Info meeting on the 11th in Columbia Falls, so would appreciate any up-dates you have.

Cheers

Erin
